Reidsville Times.

Merrimon's action has been grand. It was that of a statesman. God knows there are few statesmen.

Goldsboro Mail.

Senator Merrimon may retire to private life, but whatever may be his future, his name will be enshrined in the hearts of his countrymen.

Wilmington Review.

The weak minority of honest men is now a majority, and in the next Congress, if God spares his life Zeb. Vance will be welcomed among them with open arms, the peer of the peerliest among them all, be he either Thurman, or Voorhees, or Bayard, or Gordon, or Lamar, or Hampton, or our own noble Ransom.

Wedesboro Herald.

Were Merrimon ten thousand times the success that he is, and were his career free from the slightest tinge of suspicion, the very fact of his endeavoring to stand between Vance and the people who love him so, aroused a voice of opposition from every true North Carolinian. (Judged by the standard applied to the NEWS the Herald is a disorganizer.)

Correspondence of the News.

It is impossible to do justice to the memory of a great man. The strength of a great intellect may be imperfectly portrayed by the pen of a master, but a perfect realization of its immensity is had only in the presence of the living owner. Col. Carter was an extraordinary man in every way; in most respects he was head and shoulders above any man in North Carolina. In reach and breadth of mind he was without a peer. It was an impossibility for him to discuss any subject without getting at the bottom of it. His simple statement of a proposition exhausted it. He was essentially one who opposed and exposed sham in all its forms. As a jury lawyer he was irresistable. His views upon every subject were broad, comphehensive, conservative. He was a statesman; not a partizan. Had he lived in the great Northwest he would have out ranked Chase or David Davis, although the people of North Carolina may never know what a wonderful man David M. Carter was, yet the splendor of his genius will be remembered by those who knew him as long as memory lasts. In mind, body and heart he was truly magnificent.

His mental and moral integrity were complete. Popular passion and clamor passed him by without disturbing one single element of his mental, moral or physical machinery.

He was a ripe scholar, a thinker of rare deliberation and coolness, and his matured opinions were expressed with matchless intrepidity. It has been my great good fortune to be associated with him in the direction of a great work of internal improvement as trustee of the University, and in the trial of a law suit of the utmost magnitude and in all these difficult and varied employments he displayed, address, nerve and brain force second to that possessed by no man in this country. He could analyize a subject and extract its kernel with a power and precision equal to the most perfect surgical operation. His fund of humor was inexhaustable. His kindness of heart was most admirable. There is no station of government to which he might not with propriety have aspired had it pleased God to spare his life.

I have written these lines, because I cannot let him pass away, and be silent. I recall him with gratitude, the inestimable privileges his friendship afforded me, and remember with unspeakable pleasure of the many social charms with which he invested our frequent intercourse. But he is dead and there is none other like him left.

Parties wishing to buy corn, meal, oats, hay, or anything, you may say, in the way of country produce had better call on Stronach & Allcott before buying elsewhere. They have received this day, 500 bales hay, 500 bushels corn, 350 bushels oats and 150 sacks meal. *

A Wonderful Woman.

Madam Anderson the English lady pedestrian, who began at 8 p. m. Dec. 16, in Brooklyn, a walk of 2,700 quarter miles in 2,700 consecutive quarter hours, day and night, successfully ended her journey at 10 p. m on Jan. 13th, after being on her feet a month, lacking two days. The last quarter of a mile was the fastest, being walked in 2 minutes, and 27½ seconds. The following may interest some who doubt that a woman can walk 670 miles without stopping more than ten minutes at any one time.

Meanwhile more ladies were constantly arriving, and now not only the front row of seats all around the track, but a second and a third, and, before the afternoon was over a fourth and a fifth were packed closely with fair ladies, handsomely clad, bright and sparkling, and all profoundly interested in the laborious work of the game little member of their sex. Little favors were handed to her; some comical all tasteful and neat. Whenever any were perfumed she eyed them with suspicion, and justly, for one day last week she had handed her by some unknown person an exquisite nosegay, which she thought, had a strong fragrance about it, and which on closer inspection, was found to contain chloroform.

Late in the afternoon Drs. Watts, Griffith and Stuart had a consultation about her condition. Dr. Stuart said her pulse was beating at sixty-nine, actually three pulsations less to the minute than that of persons in ordinary health. The Doctor added, "Her physical condition is such that if her mind holds out, there is no telling how long she could keep this up."

At seven o'clock the garden began to fill. Mme. Andereon trudged merrily along, and the little scattering claps and cheers of an hour ago now rolled out into a good square cheer. She sticks right to her work. Every lap she goes she is cheered to the echo, and, as she hears the joyful sound and sees all intent upon her, her face grows radiant with delight, and forgetting all about being tired, she spins around lap after lap till actually she is going sometimes as fast as five miles an hour, and $100 to 50 are bet that she does the last quarter.

Standing room only gives no idea of the crowd that was packed into the Garden, and although the price of admission had been raised to $1, ladies and gentlemen cheerfully paid the extra tax and patiently endured the jostling of the crowd rather than miss the opportunity of getting one glimpse of the woman who had earned for herself, the reputation of the greatest female pedestrian that the world has ever produced. Looking back from the stage, there was nothing too be seen but one vast sea of heads, with a narrow lane left on the outside, in which the plucky woman, clad in a purple velvet walking suit, was making rapid time. Many of the ladies that were packed two deep against the outside walls took advantage of the intervals to obtain a little rest by sitting on the rail. The spectators were noisy, but good natured, and would amuse themselves by applauding all the public men that passed up the track in the vain hope of obtaining a seat on the etage.

Mme. Anderson was wide awake all through the evening and received a number of prominent visitors in her room every time she left the track. A number of handsome presents were made her including a handsome toilet mirror set in silver, a point lace pocket handkerchief, a silver pocket handkerchief box and over a dozen handsome baskets of flowers.

After finishing the 2,698th quarter Mme. Anderson turned up on the stage, and squeezing her way through the crowd was helped up to the reporters' stand. After waiting to obtain quiet, Mme. Anderson said:—"Keep your places and turn your heads toward me. I want to sing you a song. They tell me that the betting against my accomplishing this feat has been very great, but I should be ashamed to mistrust the people of Brooklyn, who have stood by me through my weary task; I should be ashamed to think that an unkind thought to me would be harbored for one moment by any man, notwithstanding any amount of money he might have bet against me. I am now going to sing you "Nil Desperandum." Mme. Anderson then hummed the air to the pianist, and when he struck the piano, "Half a note higher, catch that key, got it, that's right," she then added apologetically, "There is a good deal in knowing how to do things." Mme. Anderson then sang the song in her usual pleasant style, and the spectators listened with rapt attention, applauding vociferously at the close of each verse. After finishing her song she returned to the track and started on the last quarter but one. Her tramp round the seven laps was made in 3m. 12½s., accompanied by a continuous and almost deafening roar of applause.

Then the immense crowd appeared to quiet down as if gathering strength for the final effort, and when the second bell tinkled and the Madame flew prompt to the second, there rose one deafening yell that was kept up almost continuously as the plucky woman speeded rounded the track in the fastest time that she ever showed. The first lap was made in 16 seconds, with the attendants running ahead to keep everything clear; the next showed 17 seconds by the watch, and the third was covered in 17 seconds also. The crowd still cheered and yelled, and the mob that thronged the streets on the outside also caught the enthusiasm, knowing by the hour that the plucky little woman who has carried Brooklyn by storm was on her last quarter. The fourth lap was covered in 20 1-4 seconds, and though it was plain that at last the gallant pedestrian was beginning to succumb to the terrific strain she had endured for twenty-eight days, she still struggled bravely on, walking the fifth lap in 28 seconds, the sixth in 31 seconds, and the seventh and last in 28 seconds. The place was in such an uproar that almost a minute elapsed before the time keepers could make any announcement, and when the time of the last quarter was given as 2m. 37 1-4 seconds, the fastest made during the walk, the enthusiasm of the spectators was boundless. Handkerchiefs were waved, hats were thrown in the air and the people shouted themselves hoarse.

In the meantime Mme. Anderson was escorted to a seat in the centre of the stage. Corporal Tanner then said: "I say now to Mme. Anderson that she has taught the women of Brooklyn what women are capable of doing, and they in return have shown Mme. Anderson how they can appreciate the gallant work that one of their own sex has just accomplished. I am not surprised at the statement that she often slept on the track, as nearly all old soldiers know what they have done while sleeping. I am happy to say that the Brooklyn people by their patronage enabled Mme. Anderson to bank $8,000 last Friday night, and I really think that in this case the laborer is worthy of his hire. I believe the saying may be adapted to either sex. In conclusion, I trust that Mme. Anderson's visit may have been of more than passing benefit to the ladies of Brookly and teach them to make more use of their limbs and take daily perambulations that may benefit their health."

Mme. Anderson then rose to her feet and said: "I thought, as an actress, I could make a speech, but this soldier has taught me a lesson. We women were sent into this world as helpmates to men. They are the stronger in muscular strength, but when it comes to a question of actual endurance, I believe that women are the stronger. The man can brave danger at the cannon's mouth, but in patience, suffering and endurance, the woman will show the boldest front. Ever since my girlhood, I have wanted to make a name. As a girl of eighteen or twenty years I had a really beautiful contralto voice, but that did not make me a name. I then tried the stage, and although I held an honorable and responsible position, I was not chronicled on the banners of fame. My next effort as a clown in a circus was also a success in its way; but still the long looked for reputation was not reached. I then became a manageress, and got some reputation for losing money, and, finally, on the 12th of September, 1877, I commenced my present business. I took the advice of Gale, the famous long distance pedestrian, and when he told me, 'Go abroad, they will give you a name,' I came here, and now I will go back with the name for which I have struggled since my girlhood. I sincerely trust that He who has given me strength to make it, will give me strength to keep it The lesson that I have to give the women of Brooklyn is that they must learn to do their part in life. Do the best you can and that will mean a great deal, Some people blame me for walking on Sunday, but I think I have only done my duty. I have done the work I contracted to do, the same as the servants that cook their dinners on Sunday and the car drivers that drive them to church. I thank you all for your kind patronage and I hope that in a year's time I will be able to retire and live a quiet life." The Madame then retired amid deafening applause, and was quickly placed in a carriage and driven to Mr. Shepherd's Turkish bath, where she will remain for a few days.

Unheard of Bargains!

AT THE INDEFATIGABLE ENDEAVORS TO PLEASE THE PUBLIC. SO HERE GOES.

Ye muses nine, inspire my pen,
To sing of Fayetteville streeet, No 10,
who tries his best to please his friends
And in his labors never ends,
Bargains he'll give you when you call
For No. 10 is all and all.
Of other houses youhear them talk;
In Fayetteville street just take a walk,
And only ask for No. 10,
Kept by the most ingenious of men,
And when his friends by chance drop in
Then forth he comes, Lord what a grin,
And to their wondering eyes displays
Such heaps of brackets and window shades.
His pictures are exposed to public view
And a variety of cord to suspend them too,
His looking glasses and toilet cases
Will help adornyour forms and faces;
Picture frames and mouldings too
In great variety, black, brown and blue.
His window cornices and lambrequins fine,
will make your rooms and parlor shine.
Perforated mottoes, and white holly baskets.
And every other sort of stuff,
Of which he hopes to have enough.
So now he bids your all adieu
And wishes a happy new year too.
And not forget

DAILY NEWS

SATURDAY, JANUARY..... 18, 1879.

Now is the winter of our discontent, made happy by the glorious sun of York—Tryre, of Wilkes.

WE miss something. Oh, yes! "Official organ of the Democratic party." The tail is wagging the dog now.

"THE NEWS must be rebuked for presuming to dictate to the Democratic party who should be elected United Ststes Senator."

"WHATEVER may be the popular desire for my election causes and influences have been brought to bear to prevent it." That's a melancholy fact, Judge; we feel it too.

ASSOCIATES on the supreme bench sicken and die, but old Judge Clifford still holds to his purpose that "he'd be d—d if he would die or resign until there was a Democratic President."

THE INFLATED office holders may sneer at the demands of the people for retrenchmont, but nuless we are wofully mistaken in the signs of the times the day of pampered favorites and high salaries in North Carolina are over,

WHAT KEOGH said to "Gath" [Cincinnati Enquirer] about the "forbearing and christian population of North Carolina" has gone the rounds of the press until it has reached the great London Times. The argus-eyed NEWS first discovered the obscure paragraph.

GOV. MCLELLAND, in his message to the New Jersey Legislature points out where true reform begins: The people should attend the primary elections, secure good nominations, and work for their election, and thus make a long strike in the direction of county and municipal reform and of relief from the burdens which oppress them.

THE communication of "A true Democrat" we must decline to publish. The caucus has settled the question. No good can come of further agitation. Whatever were the "causes and influences" that defeated the NEWS it is best not "to disturb the quiet of the Democratic party." We appreciate fully what "A true Democrat" says.

One reform member in the Maine Legislature has refused to accept the pocket-knife, which it has been the custom to give members with their stationery, but the other eighty-four or five of his associates seemed to think that no article of cutlery could be refused by them. Another member has introduced an order that the extra boxes of stationery, worth about $1.66, should not be issued members. This important measure was discussed two hours each for two days and then infinitely postponed.

LOGAN'S talented wife is now doing the best work of his campaign for the Illinois Senatorship. Eight years ago she was given the credit for electing her husband to a seat in the Senate; two years ago she worked hard, but it was against fate, and all her tact and skill were unavailing. She is again in charge of the Logan headquarters at Springfield, assisted by a daughter, quite as pretty and very nearly as skillful a politician as the mother. An obstinate legislator who fails into these fair hands has got to thaw out or retreat without unnecessary delay.

Ben Hill has has issued a vigorous address to the people of his State on what he calls "Murphyism in Georgia." The story is this; Murphy, a clerk in the State treasurer's office, received from interested parties $8,000 for getting Governor Colquitt's indorsement of certain disputed railway bonds; Hill told the Governor, and expected him to discharge the clerk; instead he retained and defended him; and a legislative committee which Colquitt asked to investigate the affair has whitewashed him. The senator appeals to the people against condoning "Tweedism in its beginning," and it will be interesting to see whether they back up Colquitt or Hill.

THE RETRENCHMENT committee of the Massachusetts Legislature thus concludes it report: "But the committee would not reeommend the changes "for the sake of saving, if, in their "judgement, it would impair the quality of the service to be rendered. In "our opinion the salaries recommended are not so small as to deter the "best men in all the walks of life from "accepting service in the Legislature, "nor so large as to lend a temptation "to unfit men to seek the office for the "sake of the compensation. While "we believe them to be just toward "the State, we also consider them "sufficient to enable the poorest as well "as the richest to contribute his service "to the public in this direction, if chosen to do so, for the limited portion of "the year during which it is for the "public interest that the Legislature "should sit."

Reduce Expenditures.

Have the people been deluded by false promises? "The battle-cry in the last great campaign, when the Democratic party waved its victorious banner over our entire State, was "Retrenchment and Reform," so, now, "when the smoke of battle is cleared "away and the white-winged dove of "peace hovers over our beloved land, "the legislative authority should see "to it that the people have not been "deluded by false promises, but that the "fruits of their victory are substantial "and beneficial.

"If hard times means anything, it "teaches that all, both high and low, "rich and poor should reduce expendi- "tures root out extravagances, exercise "self denials, and bend (not break) the "back to the burden. That "hard "times" (so-called) is upon us, no "one will deny. But that the bright "day dawn of prosperity will speedily "follow this dark night of apparent "adversity, if the Legislature will "carry out in letter and in spirit the "great principles proclaimed in 1876, "no one can deny."

The People Will Submit no Longer.

The Salisbury Watchman admonishes the Legislature not to trifle with the confidence of the people. The Watchman says:

"Tax-payer," in the Raleigh NEWS "of the 11th January, brings forward "the figures showing the expenses of "the State Government before the war "and now. If this important paper "escaped the attention of members of "the Legislature they should immedi- "ately obtain a copy of it. It will be a "very serviceable document in the "hands of our delegate Mr. Barringer, "who so emphatically pledged him- "self to work for the reduction of "public expenses and the taxes. There "is an unaccountable difference be- "tween $38,180 in the year 1860, and "$75,315 in the year 1878. The ex- "penses of the State Capitol sprang up "under the administration of the Rad- "ical party, but it remains to be shown "that the Democratic party has done "its whole duty in reducing them.

"We verily believe the fate of the "Democratic party in this State hangs "on the ability, wisdom and firmness "of the present General Assembly in "the performance of the work the peo- "ple are expecting them to do. They "have submitted to disappointments "heretofore, but there is a limit to "these things beyond which confidence "is clean gone forever."

What "Everybody will want to Know."

Salisbury Watchman.

In withdrawing from the Senatorial contest "we regret the Judge has seen fit to use ambiguous terms in this short note. Almost everybody will want to know what is meant by "causes and influences have been brought to bear," &c. To our mind it seems to be a very clear case of popular preference for Gov. Vance—simply that and nothing more—and as such fair and honorable to all; and terms of uncertain signification under the circumstances are unbecoming the Judge and disrespectful to the popular sense."

Vegetine

Will Cure Rheumatism.

COLUMBUS, O., Feb. 14 1877.

H. R. STEVENS:—

Dear Sir,—I wish to inform you what Vegetine has done for family. Eighteen months ago my daughter had a severe attack of rheumatism, and a friend who had used the Vegetine advised her to try it, and she did so with perfect success, for after using a few bottles of it she became entirely cured. I am myself, at the present time, using the Vegetine for Rheumatism with good success. My other daughter has also used the Vegetine for catarrh and nervious debility and has been greatly benefitted by its use. I have also recommended it to many others with good success; and I honestly believe that the Vegetine is the best medicine for the above named diseases that there is, and I always wish to keep it in my house as a family medicine.

VEGETINE.

Will Cure Rheumatism.

URBANA O., Feb. 19. 1877.

MR. H. R. STEVENS, Boston, Mass.—

Dear Sir,—I feel greatly indebted to your excellent medicine, VEGETINE, for what it has done for me. I have been subjected to Rheumatism all my life. Was attacked with it three years ago, and suffering terrible pains in my chest, back, and limbs for six or eight months, at which time I commenced using VEGETINE on the advice of a friend, who had been entirely cured by it. I had scarcely used a half bottle until the pain had left me, and my general health began to improve rapidly under influence of this great blood purifier. I had also suffered dreadfully from a Nasal Catarrh for seven or eight years After taking the first bottle of VEGETINE I noticed a great change for the better. The constant pains and heaviness that I had over my eyes for years disappeared, and the discharge of mucus from the head ceased. My appetite got better, and strength seemed to come with every dose of medicine. Too much cannot be said in its favor; and I always take pleasure in recommending it to my friends who may be suffering from any disease of the blood, for I feel satisfied if they try it they are sure of a cure.

Respectfully,
J. H. RHODES,
Manager Western Union Telegraph Office, Urbana, O.

Vegetine

A Family Medicine.

CINCINNATI, O., April 11, 1877.

Dear Sir,—I have been troubled and suffered a great deal from catarrh. I have tried many remedies: they did not cure me, and benefited me but very little; and, dear sir, by using your medicine called the Vegetine I have been cured. My niece was cured entirely of Rheumatism by using your medicine, Vegetine, so she is able to attend to her studies at school. She feels very thankful for your medicine, for she been a great sufferer from rheumatism. I would say to one and all, try the Vegetine for such complaints. A few bottles will cure you.

Yours truly,
DAVID ARNET,
ELIZABESH ARNET (his wife),
135 Bayvonville St.
JESTIE CORT (his niece),
Everetts St., Cincinnati, O.

Mr. Arnet is a large real estate owner, a wealthy man, an old resident, and well known in Cincinnati.

Rheumatise is a Disease of the Blood.

The blood in this disease, is found to contain an excess of fibrin. Vegetine acts by converting the blood from its diseased condition to a healthy circulation. One bottle of Vegetine will give relief, but to effect a permanent cure it must be taken regularly, and may take several bottles, especially in cases of long standing.

MISCELLANEOUS.

SAVE YOUR HAIR! TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, a Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN.

I have been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick rowth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

Strictly important respect the Kathairon is absolutely incomparable. It is unequaled

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore health by natural promotion and reinvigoration. It is delightfully perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet is complete without Lyon's Kathairon.

The Role Where Nearly Half the Taxes Disappear.

Correspondence of the News.

The NEWS has shown that the officers and clerks in the capitol cost over $25,000 per annum now against less than $6,000 in 1860. It has also shown the increase in the pay of part of the Judiciary, and in the cost of the charitable institutions of the State. It has shown that taxes are relatively higher now than even under Radical rule and that $90,000 saved by abolishing annual sessions of the Legislature has disappeared, leaving taxation as high as ever.

The points you have referred to need redress. But there is a larger gulf for taxes into whose maw a peep is necessary. I refer to the Western N. C. R. R. The annual cost of that road to the tax-payers is as follows:

Annual appropriation	$70,000
Interest paid by the State on $850,000 mortgage bonds	59,500
Cash valuation and expenses of State convict labor as per Governors message	98,000
Total	$227,500

This makes a grand aggregate of nearly a quarter of a million dollars per annum of State aid to this one road. For two years this drain has been poured into "mud cut" which slides in at night as fast as it is washed out by day, and whether from the difficulties of the work, misfortune or mismanagement only some six miles of rail has been laid.

It is a question to consider seriously whether the State is prepared to give so much aid to building railroads in this time of deep distress among the people and if it is advisable to keep up heavy taxation for that purpose if justice does not require that the appropriation be not all placed on one road but divided out, part to the Fayetteville and Greensboro railroad, part to the North Western N. C. railroad, part to the Raleigh and Plymouth railroad and elsewhere so as to secure a general benefit.

Again there is a mortgage of $850,000 on the Western railroad and after the State has laboriously built the road and put a quarter of a million dollars per annum upon it for many years, on its completion a hungry creditor may demand his $850,000 or foreclose his mortgage and take the road for the debt. A little enquiry as to the party who controls or owns a majority of the bonds would not be amiss.

At any rate I have said enough to put the public and the Legislature on enquiry and if after full and free and fair discussion the General Assembly shall see fit to continue this monster drain on the State Treasury the people will rest content. As it is, there are signs of a deep and growing demand for more light on the subject.

ONE OF THE PEOPLE.

A Farmer's Views.

Correspondence of the News.

As some of the Legislators want the opinion of the farmers about the stock law, here are some points:

1st. The State permits a man to hold land subject to a quiet rent or fee (tax) Lawyer's deny this but if the holders refuse to pay this fee (tax) he will soon find out where the real ownership of the land is. Now this is a virtual contract between the State (people) and an individual, yet some of this same State say we have stock but no land, it is all out on ren; or fee (tax,) but we intend to prach this land unless the renter puts up a five foot protection. Good! the State binds a man in an eternal contract (a sale is only a change of individuals) and then on their part brake it.

2nd. Laudholders having an outside fence can within such inclosure have a stock law of their own under a contract for a term of years with the law as it now is. Within that inclosure what right have the no land stock men? Where are their votes? The highways? Along the highways there is a right of transit, not of blockade or loaferage. This plan is a bad one for many reasons. 1st, a tax on public road gates and their inconvenience. 2nd, a pig-headed man within this inclosure would be almost as troublesome to fence in as it would be to fence others out. 3rd, if the Legislature will not give a State, district, or county stock law let it leave to a three-fifths majority of a county, township or neighborhood to vote fence or not. I say land holders, far as they pay the taxes in this case, alone should have a voice in the matter. Then reduce the gate tax.

To have a good government taxation and representation should go hand in hand. Had this been held on to, we would now have fewer officers and they less pay—the people would be more careful to vote and also to who and what they voted for. Touch a man's pocket and you wake him up. Landless may vote a tax to-day and be off to Texas to-morrow leaving landholders to pay. Within Edgecombe there is a stock law; force the fencing back on the people and they would leave. In 1849 on over four thousand acres I adopted no fence, it was a good move in the right direction for the people of Scotland Neck have followed suit with a special stock law, thereby relieving me from a line fence which the law had required me to keep up. Offer to me the whole Scotland Neck section requiring that the old fences should be replaced and kept up, I would not receive it as a gift.

One magistrate in each township should be a Granger and should be elected by the board of magistrates, and fees regulated by the Legislature at a minimum. This Legislature has to appoint the two-years or short term magistrates who go out the first of August next. The clerks have appointed to fill vacancies—do such appointees hold the entire unexpired term of their predecessors or will the Legislature reappoint, following the Congressional programme in each cas? It would be well for the law to be made more explicit. Would it not be well for the fees, mileage and compensation of clerks, sheriffs, in fact all county officers to be regulated by the county commissioners and a majority vote of the magistrates? It is important that magistrates should have a voice—otherwise there may be log-rolling and the people defrauded. This should be done on the first Monday in August of each year—but for this year (1879) I think it should be done as soon as possible. It is much to be hoped that there will be much care and discretion used in the appointment of these magistrates. Where good men can be had the magistrates should reside in different parts of the township and not all at one place.

DR. C. McLANE'S

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. MCLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. MCLANE'S LIVER PILLS.

The genuine MCLANE'S LIVER PILLS bear the signatures of C. MCLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. MCLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

LIVER

HEPATINE.

This important organ weighs but about three pounds, and all the blood in a living person about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MERRELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking HEPATINE in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.

BLOOD

STILLINGIA.

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. DR. PEMBERTON'S STILLINGIA or QUEEN'S DELIGHT is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer.

$10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it.

CURE FOR SCROFULA

A BRIEF HISTORY:

The following is from the Raleigh News and was a voluntary insertion and not an advertisement:

"Years ago an old Indian left a receipt for curing Scrofula with Mrs Person's father, Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs. Person, and it had the Scrofula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs drawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered up herb, got the whiskey, and did as directed the child. Her child now lives well an hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrofulous affection on the heel. He had been to the Hot Springs in Arkansas, and from there he went to Kittrell Springs. Nothing did him any good. At Kittrell's they told him of Mrs. Person's recipe, and Dr. —— wrote to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the South Carolinian sent her word if she cured him he would give her five hundred dollars. she sent him directions what to do, and added if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The South Carolinian went home, and shortly afterward sent Mrs. Person a check for twenty-five dollars, and wrote the most grateful letter he knew how. Bless those old Indians. We would like to have one for a near neighbor."

UNEQUALLED AS A BLOOD PURIFIER.

MRS. JOE PERSON:

The medicine I purchased of you last winter proved of lasting benefit to my son, who was troubled with 27 running sores, some of them quite large, and of a scrofulous nature. In less than three weeks after commencing the use of your remedy, he was perfectly restored, and is to-day quite sound and healthy. AS A TONIC AND BLOOD PURIFIER IT HAS NO EQUAL. Hoping that you may be spared for many years of usefulness, I remain, Very respectfully,

E. J. STOKES.

AS A TONIC AND ALTERATIV

MOORESVILLE, IREDELL Co., N. C.

Being desirous of adding my testimonials to others, concerning the merits of Mrs. Joe Person's Remedy for Scrofula, I take pleasure in saying that as a tonic and alterative I do not think it has an equal, I have fairly tested it, and after trying Vegetine, Sarsaparilla, Vinegar Bitters, and various other remedies, I have no hesitation in pronouncing it far superior to any TONIC I have ever used. When I commenced using Mrs Person's Remedy I was very weak, complection sallow, and now I am WELL,

Respectfully your friend,
MRS. H. T. BROWN.

THREE CHILDREN IN THREE WEEKS.

CASTALIA, N. C.

MRS JOE PERSON:

Dear Madame—Your letter has been received, and on account of being absent from home for a week or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is within my power towards getting you patients for treatment of Scrofula. I hardly know how to express my gratitude to you for curing my three little children. They took medicine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out again. I feel very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrofula. If I can ever be of any service to you in any way, I want you to be sure and call on me. Yours truly,

WM. H. ARMINGTON.

"It will Cure if Fairly Tested."

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the institute I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience, and not from hearsay. I am a grateful recipient of a cure from the use of it and I am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice.

I am, respectfully,
JAMES A. MORRIS.

KITTRELL'S, N. C.

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Purifier. It is everywhere giving perfect satisfaction. While my experience with it is too limited for me to specially recommend it for other diseases I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood and probably for other diseases

A CASE OF CANCER.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOE PERSON:

Dear Madam—I have been using your Remedy for Scrofula over five months as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for twelve years, it has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,
JOHN BUIE, Box 141,
Fayetteville, N. C.

——The Ætna Life Co., has again illustrated the good of life insurance, by paying two more losses through their General Agent W. H. Crow, one of $5,000 in Martin county, and in Sampson county $1,925. Any one contemplating insuring would do well to get a policy in this old and reliable company.

The Agricultural Museum.

A NEWS reporter yesterday paid this museum a visit, and found Col. Polk, as usual, hard at work. He, however took time to exhibit a few of the treasures of the department. The display of the various counties, in the compartment cabinets, is certainly not what it should be, though it shows an improvement over the exhibit of a few months past. The counties have been often urged to complete their displays, and in some cases paid so little attention to the requests, that it would be somewhat disheartening to one less used to overcome difficulties than the commissioner. Public spirited citizens of certain counties have shown such great energy in procuring specimens of their products or manufactures that the space allowed these counties is almost always entirely taken up. Yet there are a few counties, rich in material wealth, that make no display whatever. There is no doubt of the fact that the museum is becoming one of the features of the State, and it certainly affords the best known means of plainly putting before the public the treasures of the respective counties of North Carolina. The suggestion is made that the authorities of each county take this matter in hand and forward specimens of the mineral, vegetable or manufactured wealth from within their borders. If this be practicable it would put the museum on a plane with the finest in the country, and it would embrace within its walls a collection of what may be termed the material resources of the State.

The already fine collections of building and ornamental marbles from the western counties yesterday received an important addition. Rev. A. C. Smith, of Macon county, sent more than twenty five specimens of the marbles of the extreme western counties. Among these are some exquisitely shaded, while all are perfect in texture, and so highly polished as to show to great advantage. Among the specimens are some in color, black, blue, slate, pearl, seal brown, parian white, pale pink, bright pink, a dozen shades of brown, yellow, grey and white, blue and white, brown and white. The variegated marbles are unequily beautiful. The collection, composed of small, polished pieces, is perhaps one of the finest ever shown in the State.

Another new treasure is a hank of native silk, spun by the hands of Mrs. J. W. Caldwell, of Iron Station, Lincoln county. It is pure white and is said by experts to be unsurpassed in texture. The culture of the silk worm is one of the things which the department will strive to foster, and they greet this first specimen of the product with particular pleasure.

And now North Carolina genius comes forward, this time in the person of Mr. T. M. Burna, of Martin county. He exhibits a cotton seed planter, which, after careful examination a farmer yesterday said was the best he had ever seen. It is undoubtedly an invention of merit, and should receive attention. The farmers should visit the museum and see these things, and the members of the Legislature should study the exhibits.

Another Butchery.

Sheridan's Piegan Massacre has just been repeated on a small scale. Every one has heard of the band of Cheyenne Indians, who fought the United States forces almost daily while traversing a thousand miles of territory, seeking to gain the greater freedom across the English boundary where Sitting Bull found peace and safety. They were captured; and now for the sequel:

OMAHA, NEB., Jan. 10, 1879.

Telegraphic advices received from Military Headquarters, Department of the Platte, furnish details of the bloody affair at Camp Robinson. Captain Wessels, who was intrusted with the duty of transporting the Cheyennes to Fort Leavenworth, states briefly, in a telegram from Camp Robinson, that the Indians broke out the windows of the room in which they were confined at ten o'clock last night, and, overpowering the guard, which had been doubled as an extra precaution, killed one soldier, mortally wounded another and injured others. The Cheyennes in some manner had secreted a few old revolvers, which were used. The cavalry immediately rallied from the barracks, and the Indians declining to surrender, fired into them, killing forty. The others retreated, the cavalry pursuing. A later despatch from Lieutenant Johnson reports that Captain Wessels is still out with cavalry in pursuit.

STATEMENT OF GENERAL CROOK.

Your correspondent conversed with General Crook this afternoon on the matter, but the General stated that the information received was so meagre that he could form no opinion. He stated that the Indians were in such a condition when captured two months ago by Colonel Carleton that they would have returned to Indian Territory, for they considered themselves vanquished, and expected it. Being allowed to stay so long, they looked on it as settled that they were not to be taken away. An order to remove them, in accordance with the decision of the Department of the Interior, came about a week ago. When the Indians were told they would be taken back to Fort Leavenworth they were greatly surprised, and decided to die rather than go. In their present temper any attempt to remove them by force was certain to result only in the death of some soldiers and the killing of the Cheyennes. Therefore it was decided, as stated in the Herald of January 7, to freeze and starve them out, an offer being made, and peremptorily refused, to feed the small children, as the Indians had decided to die together, and then began singing the death song. Captain Wessels, with five companies of the Third cavalry, waiting to escort the Indians, awaited the issue up to yesterday, and part of the Indians had surrendered and decided to go, but the remainder were as desperate as ever.

Things were in this condition when they broke from the room last night. The Cheyennes were confined in one set of company quarters which form a part of the rectangle into which the fort was laid out. The soldiers were in close proximity. The total number of bucks was forty, and if, as believed, the parties killed were bucks, this nearly exterminated them. No one doubts that the Indians could have been taken back peaceably and easily when captured.

LATER REPORT OF THE AFFAIR.

The following special has just been received here from Camp Robinson:—

While being removed on Thursday Wild Hog fatally stabbed Private Ferguson, Company A, Third cavalry. The remaining savages began chanting the war song and stubbornly refused to emerge from the prison room, and proceeded to barricade the windows. Tearing up flooring, they intrenched themselves therein, and improvised war clubs from the joists of the floor. The stoves were also broken in fragments. Soon after midnight the Cheyennes darted through the prison windows, and fired on the guard with revolvers which they had succeeded in concealing, and all ran for the open prairies. The guard opened fire on the fleeing savages, shooting them down by dozens in the frozen snow. The troops are in pursuit of the retreating Indians, killing them without mercy. Four soldiers of the Third cavalry were wounded and one killed, he having been shot through the heart. Dull Knife is numbered among the dead, having been shot through the head. One hundred and fifty cavalrymen are in pursuit, while others are employed in carrying in the dead and wounded savages.

FORT ROBINSON, Neb., Jan. 10, 1879.

The troops are still in pursuit of the escaped Indians. Thirty-seven, nearly all of whom are squaws and children, have either surrendered or been captured and are now under guard here, thirty-four are still at large, including about fifteen warriors, among whom is Chief Dull Knife, erroneously reported dead last night. Wild Hog, Old Crow and Left Hand, head men of the tribe, are among the recaptured. The dead bodies of Indians brought into the post for burial number twenty warriors, eight squaws and two children. Five soldiers were wounded. Two of them, Privates Smith and Everetts, have since died; the others are not dangerously injured. Private Ferguson, who was stabbed by Wild Hog, will recover.

INDIANS ALMOST NAKED DURING THE INTENSE COLD--DISCONTENT AT FORT SILL—STARVED AT THE AGENCY.

CHICAGO, Jan. 10, 1879.

The only advices received by General Sheridan from Fort Robinson are dated previous to the outbreak of last night. They indicate that the military have been waiting to execute the orders of the Indian Bureau that the fugitive Indians there should not be taken back to Indian Territory until proper clothing was provided for the savages, they being at present almost naked and suffering intensely, even in their sheltered quarters. Clothing had been promised, but was not expected for two weeks.

DISCONTENT AT FORT SILL.

Advices from Fort Sill state that the Indians there have been greatly discontented for two months, and that recently 2,000 of them started southward and were soon heard from as depredating upon the ranchmen. Their excuse was that they have been starved at the agency and proposed to kill such cattle as they need for sustenance. The military were sent after them and they were overtaken on the boundary between the Indian Territory and Texas.

Success in the Stock Market.

Few people understand how large fortunes are amassed so rapidly in stock operations. Messrs. Lawrence & Co, Bankers, N. Y., have just published "two unerring rules for success, and full details, so that any one can operate. Mailed free. Their new combination system of dealing in stocks is wonderfully profitable. By this method thousands of orders, in various sums, are pooled into one immense capital and co-operated as a mighty whole, thus securing to each shareholder all the advantages of vast capital and best skill. Profits divided every 30 days $15, would make $75 profit, $100 would return $1.000, or 10 per cent. on the stock in the month, and so on, according to the market. Mrs. S. J. Batter, Fashion Editress Newark Daily Advertiser, made over $75 per cent. profit on an investment, Oct. 5th. 1878. Many other are doing as well or better. Large or small amounts can be used with equal proportionate success by this system. All kinds of stock and bonds wanted. Government bonds supplied. An old physician retired from practice had placed in his hands by an East Indian missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt his duty to make it known to his suffering fellows. Actuated by this motive, I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English, sent by address ing with stamp, naming this paper. Wine and Cake.

The unprecedented success of Speer's Wine in North and South America and Europe, has gained for it among the medical faculty a standing reputation. Chemists and scientific men have visited his cellars in New Jersey, and analyzed his wine, and pronounced it the most healthy and beneficial in the market. The following letter was received by Mr Speer from Dr. A. D. Wilson, one of the oldest and most celebrated physicians of New York City: "I have been in the habit of using Speer's Port Grape Wine and have found it an excellent stomachic, a gentle stimulant and tonic. It is especially useful in cases of great nervous debility and stomach weakness."

The disposition of unprincipled dealers to adulterate wines has compelled Mr. Speer to bottle all his productions and place his signature over the cork so as to insure to the public its purity. It is being used by the most fashionable families to hand around with cake at evening entertainments. Salesroom 34 Warren street. N. Y. Williams & Haywood, Agents, Raleigh. N. C.
